

## Superpro Micron 700 Backpack

The Superpro Micron 700 is specifically designed for Chemical Laboratories, High Tech Laboratories and Infection Control-Critical Hospital Wards.

Pacvac prides itself on ensuring all products are produced to comply with the highest health and safety regulations. The Superpro Micron 700 is manufactured in full compliance with electrical standards, being Australian and International Standard IEC 60335-2-2.

The Superpro Micron 700 is also accepted by the Carpet Rug Institute, Chiropractors' Association of Australia, Health and Safety Matters Pty Ltd and many other Occupational Health and Safety organisations.

Features:

- Ametek 1000 watt 2 stage motor.
- Cyclonic airflow from the offset inlet clear dome lid gives stronger, more consistent airflow – more vacuuming power.
- 4 stage HEPA filtration.
- Ergonomically designed frame - new extended 'body-moulded' frame for increased comfort and anatomically correct posture – a critical OH & S factor.
- Adjustable Harness - Thicker, padded and fully adjustable to fit all body types.
- Two piece wand and low profile floor tool as standard.
- Double looped cord restraint - prevents accidental disconnection of power cord.

Free:

- Crevice tool, dusting brush and upholstery tool supplied.
- Extra cloth dust bag.
- Packet of 5 paper bags.
- Productivity Booster Kit.
- On-machine Safety and Maintenance labelling.
- Graphics based Product Manual.
